

The decision by Sinclair Broadcasting to force their stations to air an anti-Kerry documentary days before the election is not in the public interest. Because Sinclair uses the public airwaves free of charge they are obligated by law to serve the public interest and this can only happen if they air something that is fair and balanced.

The FCC is charged with assuring that the public airways are not abused by those who own the media outlets. As a citizen, I ask you to use your authority to block this abuse of power by Sinclair Broadcasting. Thank you.
